

PATENT ASSIGNMENT

This assignment made on April __, 2015 by [Client] of [Client's Address] (Assignor) to [Assignee] having a place of business at [Assignee's Address] (Assignee);

WHEREAS, Assignor has invented new, original and useful embodiments of an invention entitled Eyewear Frame (Inventions) for which a United States patent application will be filed, further identified by Cislo & Thomas' Docket No. 12-27010 (Patent Application);

WHEREAS, Assignor believes himself to be the [original inventor/original joint inventor] of a claimed invention in the Patent Application;

WHEREAS, the above-identified Patent Application was made or authorized to be made by Assignor; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment their entire right, title, and interest in and to said Inventions, and said Patent Application in the United States and throughout the world.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, and transfers to Assignee, his entire right, title, and interest in and to said Inventions, and said Patent Application for said Inventions in the United States and throughout the world, including the exclusive right to file any provisional, nonprovisional, divisional, continuation, continuation-in-part, reissue, foreign, or other application based on the Inventions directly in the name of Assignee and to claim any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Further Assignor agrees that, upon request and without further compensation, but

at no expense to Assignor, Assignor, his legal representatives, and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing said Patent Application in the United States and throughout the world for said Inventions, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said Inventions, and said Patent Application filed, and any patents granted for said Inventions in the United States and throughout the world.

Assignor represents and warrants that he has not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Patent granted for said Inventions, whether on an application for said Inventions, said Patent Application, or on any subsequently filed provisional, nonprovisional, divisional, continuation, continuation-in-part, reissue, or other application, to Assignee, its successors and assigns, as the assignee of their entire interest in said Inventions.

Assignor(s) hereby acknowledge(s) that any willful false statement made in this assignment is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date first above written and as set forth below.
